

Volume 11, Number 4  
August, 2018  
ISSN: 1983-4195

### Contents

***Study of brazilian structural concrete block conformity***

W. C. SANTIAGO and A. T. BECK

652

***Verification of the flexion and shear behavior in masonry panels accordance to ABNT NBR 15961-1 (2011), EN 1996-1-1 (2005) and ACI TMS 530 (2013)***

R. C. MATA, C. S. RAMOS and M. L. C. SILVA

673

***Conception of cable-stayed curved deck: the effects of unilateral suspension***

G. M. CHUNG and F. R. STUCCHI

686

***Customization of a software of finite elements to analysis of concrete structures: long-term effects***

F. P. M. QUEVEDO, R. J. SCHMITZ, I. B. MORSCH, A. CAMPOS FILHO and D. BERNAUD

696

***Lateral-distortional buckling of continuous steel-concrete composite beam***

T. V. AMARAL, J. P. S. OLIVEIRA, A. F. G. CALENZANI and F.B. TEIXEIRA

719

***Numerical analysis of the effect of partial interaction in the evaluation of the effective width of composite beams***

A. R. SILVA and L. E. S. DIAS

757

***Analysis and validation of correlation curves between sclerometry and compression tests for the evaluation of compressive strength of concretes***

T. M. OLIVEIRA, M. C. R. FARAGE, L. GOLIATT and T. C. BITTENCOURT

779

***Experimental study of RC beams strengthened for bending by reinforced grout layer and connectors***

J. H. CANAVAL, T. J. DA SILVA and A. C. SANTOS

810

***Influence of the stiffness of beam-column connections on the structural analysis of reinforced concrete buildings***

J. B. SANTOS, T. J. DA SILVA and G. M. S. ALVA

834

***Experimental analysis of the spalling phenomenon in precast reinforced concrete columns exposed to high temperatures***

A. M. GIL, B. FERNANDES, F. L. BOLINA and B. F. TUTIKIAN

856

***Numerical comparison between the thermo-structural behavior of steel and partially encased steel and concrete composite columns in fire***

Y. S. SIMÕES, F. M. ROCHA and J. MUNAIAR NETO

876

***Influence of crusher type in the shape of fine crushed aggregate grains***

G. C. HICKEL, G. C. BOAVENTURA, R. A. SOUZA, L. M. CALÇADA, J. M. CASALI, A. M. BETIOLI and A. L. OLIVEIRA
